

# Approved Caterers

Catering can only be provided by the following. All caterers and bar services on this approved list comply with all rules and regulations of Southern Grace.

Caterers/servers/busboys are required to keep the space clean and tidy throughout the event. This includes bussing all tables periodically, taking out trash throughout the event, and keeping the kitchen and premises clean.

- If food is being dropped off, (1) busboy/server is REQUIRED for every 75 guests
- If alcohol is being provided, an ABC licensed bartender is required. If the bartender is through the caterer, they will provide liquor liability insurance. If the bartender is through an outside source that does not carry insurance, liquor liability must be included in your insurance policy for the day.
- If dinnerware is being rented from SG, caterers/servers/busboys are required to buss tables, scrape all plates, rinse and stack them in the kitchen. Southern Grace will then wash and launder all items.
- At the end of the event, caterers/servers/busboys are required to break down food items, pack them up, clean off food tables, disinfect and sweep the catering kitchen and take out all trash.
